ABSTRACT

PROBLEM TO BE SOLVED: To **provide** a **schedule changing** device which easily calculates **reduced** days at the time of **changing** and **reducing** a **schedule** such as work process, a manufacture **schedule** or an event.

SOLUTION: This device includes an inputting means 22 which inputs dates in ...
...supplements scheduled items of the year, implementation content, etc., a storing means 29 which makes **changed** date data that shows results of reducing or extending a fixed term on a calendar with a required **rate** respectively correspond to each date data and stores them together with the date data showing...

... means 25 show the schedule table based on a command from the means 22, then, **writes** and shows a normal schedule on the schedule table according to a command to be inputted, further performs a **schedule change** operation in accordance with a command content that **reduces** or extends this scheduled date and **writes** the **changed** data in a prescribed place on the schedule table and shows it.

Detailed Description

Claims

English Abstract

A system and method are **provided** for managing **consumer information**,
which permit sharing of **consumer information** in a controlled manner.
In accordance with the disclosed system, at least one database (308) is
provided that contains **consumer information** related to at least one
user. An administrative agent (302) is also provided for establishing
access to the **consumer information** contained in the database based on
preferences expressed by the user. The system also includes...

...for paying each user. In accordance with a disclosed method, a database
is created of **consumer information** related to at least one user and
access to the **consumer information** contained in the database is
established based on each user's preferences. The method also...

Detailed Description

SYSTEM AND METHOD FOR MANAGING CONSUMER INFORMATION

I BACKGROUND OF THE INVENTION

I. Field of the Invention

The present invention relates generally to systems and methods for
managing consumer information. More particularly, the invention
relates to systems and methods for **managing consumer information**,
which permit access and sharing of **consumer information** in a
controlled manner.

II. Description of the Related Art

The Internet has become a...

...of their personal information. For example, many consumers, including Internet users, oppose direct marketing and **sale of personal information**, such as an **individual's credit history** and purchasing habits without their consent or any benefit to them.

According to the latest...

...increasingly putting pressure on both state legislatures and Congress to enact legislation restricting sharing and **sale of consumer information**. It is contemplated, however, that legislation restricting the sharing and **sale of consumer information** will deprive many businesses of the information they need to effectively target individuals.

At the...

...and articles of manufacture consistent with the present invention provide a system and method for **managing consumer information**-both initially and over time-which permits access and sharing of **consumer information** in a controlled manner. Specifically, in accordance with the principles of the present invention, a system is provided that comprises at least one database containing **consumer information** related to at least one user. It further includes at least one administrative agent for establishing access to the **consumer information** contained in the database based on preferences expressed by the user. It also includes at ...

...to the same or like parts.

According to the invention, a system and method are **provided** for managing **consumer information**, which permits sharing of consumer information between users and subscribers. The present invention is advantageous over past approaches in that it permits users to set and control access to their **personal information** both at the time the user information is first provided to the system and over...

...In this way, individuals can control which merchants and other entities have access to their **personal information**. Thus, unlike other databases such as those maintained by credit bureaus, creditors, retailers, insurance companies invention, a system is provided that comprises at least one database containing **consumer information** related to at least one user. It further includes at least one administrative agent for establishing access to the **consumer information** contained in the database based on preferences expressed by the user. It also includes at...

...a payment agent for paying each user. A method is also provided for facilitating the **management** and sharing of **consumer information** between users and subscribers. The method includes creating a database of **consumer information** related to at least one user and establishing access to the **consumer information** contained in the database based on each user's preferences. It further includes setting a...

...300. Privacy system 300 provides the functionality and computing capabilities necessary to process and store **consumer information**. The **consumer information** may be **provided** by users of the system through network devices (not shown) connected to communications network 400 or collected and provided through input module 100. **Consumer information** may also be obtained from one or more of the third party information sources 510...

...Direct Marketing Association, transaction information maintained by credit card companies, or any other collection of **consumer information**. The **consumer information** contained in privacy system 300 may be provided, on a controlled basis, to output module...

Penn Power proposes to cap its rates for the next 10 years

Sabatini, Patricia
Pittsburgh Post-Gazette (Pittsburgh, PA, US) pB7
PUBL DATE: 960308
WORD COUNT: 382
DATELINE: New Castle, PA, US, Middle Atlantic

TEXT:

...on rates for the next 10 years.

That freeze would translate into a 27 percent **rate reduction** when considering inflation **over** that **period**, Penn Power said. The company is asking that the freeze take effect May 1.

Late last year, Duquesne Light Co., the area's largest electric **provider** serving 580,000 **customers** in Allegheny and Beaver counties, proposed a five-year rate freeze.

State consumer advocate Irwin "Sonny" Popowski yesterday called Penn Power's plan a "step in the right...

...ABSTRACT: 1 The clinical diagnosis is not always straightforward, and
investigative methods to confirm it have **changed** over time. **People** with
suspected or confirmed deep-vein thrombosis or pulmonary embolism are
almost invariably admitted to...

...about how rates of venous thromboembolism have changed over time. We
wanted to know whether **rates** have **declined over time**, as have those
for other circulatory disorders in industrialised countries, and whether
there has been...

...attributable to oral-contraceptive use or hormonereplacement therapy. We
report on trends in the Oxford **region**, UK, using **person**-based hospital
statistics and multiple-cause-coded mortality data.

Please enter your search terms again. Check for any of the following:

- Repeating Boolean operators (AND, OR, NOT) will cause errors - for example OIL AND AND POLLUTION.
- Using wildcard (?) or truncation (*) symbols incorrectly - for example, OIL * POLLUTION.
- Using wildcard (?) or truncation (*) symbols at the start of words- for example, ?one, *ing.
- Using field search tags in your search - for example, TO BUY AN APPLE.(AN is the search tag for Accession Number)
- Using parentheses - for example (TI GONE WITH THE WIND)) AND AU MITCHELL(extra parentheses after WIND).

See [hints](#) for suggestions.
